Shops Within Reach

Residents can enjoy a wide range of shopping experiences just minutes from home, making everyday living both convenient and effortless.

Victoria Terrace Shopping Centre offers daily essentials, grocery shopping, and a variety of convenient services for day-to-day needs.

For a more upscale retail experience, Shops at Don Mills features stylish boutiques, popular restaurants, and a vibrant open-air central square. Nearby, CF Fairview Mall provides an extensive selection of fashion, technology, and department stores, ensuring endless shopping possibilities.

In addition, Eglinton Square Shopping Centre brings together diverse retail, dining, and service options, making shopping a seamless and enjoyable part of life.

Convenient Everyday Living

Residents can also benefit from a wide range of major supermarkets and everyday amenities in the surrounding area.

T&T Supermarket, Metro, and No Frills offer fresh produce and daily essentials. Nearby, Costco caters to bulk household shopping needs, while budget-friendly options such as Food Basics and Dollarama make everyday purchases both convenient and affordable.

With such a diverse selection just moments away, residents can easily access everything they need for daily living.

Healthcare & Community Services All Around

Lawrence Hill is supported by a well-established network of healthcare facilities, community services, and everyday conveniences. Major hospitals such as North York General Hospital and Sunnybrook Health Sciences Centre provide high-quality medical care and comprehensive health services.

The community is also close to key public amenities, including Broadlands Community Centre and Mcgregor Park Public Library, offering different programs, activities, and resources for residents of all ages.

Essential services such as pharmacies, banks, post offices, government offices, and fitness facilities are all within easy reach. The area also has a variety of specialized clinics, including family medicine, dermatology, laboratory testing, eye care, and diagnostic imaging, ensuring residents can conveniently access both healthcare and everyday services close to home.

Diverse Dining, Local Favourites

The Lawrence Hill neighbourhood offers a wide variety of restaurants and cafés, making it easy for residents to enjoy diverse cuisines close to home.

Popular local favourites include Diana's Seafood, Pho Metro, and Congee Queen. The area also features well-known dining destinations such as The Keg Steakhouse + Bar and Jatujak.

For a true local classic, residents can also enjoy Johnny's Hamburgers. With a strong mix of casual eateries, cafés, and international cuisine, the neighbourhood provides convenient options for everyday dining, coffee meetups, and family gatherings.

Exceptional Education Nearby

Lawrence Hill is surrounded by reputable schools serving students of all ages. Victoria Park Public School, Wexford Public School, and Wexford Collegiate School for the Arts provide excellent academic programs from kindergarten through Grade 12. The community is also close to higher education institutions such as York University Glendon Campus and CLI College, offering a range of programs including liberal arts, international studies, and career-focused diploma courses.

A Natural Oasis Retreat

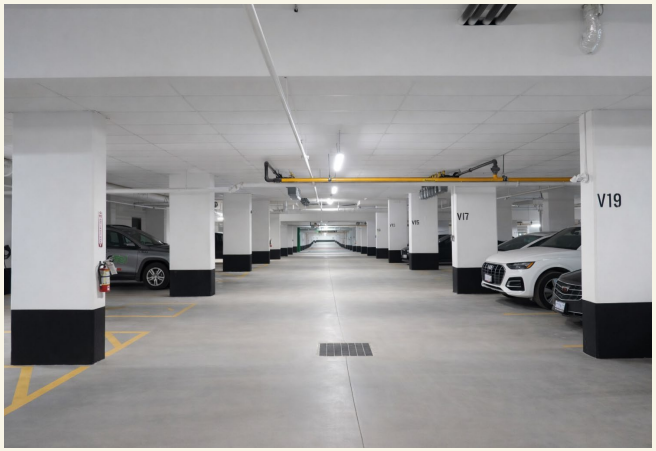

Lawrence Hill is surrounded by abundant parks and natural green spaces, offering the perfect balance between urban living and the outdoors. Nearby East Don Trail, Broadlands Park, and Moccasin Trail Park provide scenic walking and cycling trails, children's playgrounds, open green spaces, and peaceful natural paths. Ideal for family activities, fitness, or year-round relaxation, the community offers residents a refreshing natural escape just steps from home.

Designed for Comfort & Safety

At Lawrence Hill, community comes first.

A thoughtfully designed party room provides an ideal setting for gatherings with family and friends, while its open-concept layout can easily be adapted into a shared workspace, offering residents a comfortable and convenient environment for productive work-from-home days.

Safety and peace of mind are also key priorities. All buildings are equipped with security cameras, with enhanced coverage at main access points. In addition, a secure, gated underground parking garage provides safe and convenient parking for both residents and visitors.

ENHANCE PRIVACY:

Concrete construction provides a sound transmission class (stc) of approximately 60, offering more than twice the soundproofing of a single-family wood structure with an average stc of 27.

ELIMINATES VIBRATION:

Lightweight floor structures are prone to unwanted vibrations from exterior traffic and upper floor activities. A concrete structure eliminates those vibrations.

IMPROVED FIRE SAFETY:

Concrete is one of the most fire-resistant materials. Fire-related damage to concrete-structured buildings is 7 times less than that of wood-structured buildings.

IMPROVED AIR QUALITY:

No air circulation between units. Independent forced air heating systems and no crossover circulation between units provide better air quality, reducing moisture and mildew from the building structure.

LOWER INSURANCE EXPENSES:

Concrete structure buildings have lower insurance rates than wood structure buildings.

SUPERIOR QUALITY:

Concrete is more resistant to moisture, eliminating odors and other smells from the building.

Built for Safety & Lasting Value

Lawrence Hill features a rare full concrete structure, along with premium soundproofing and fire-resistant materials, reflecting a carefully engineered design approach. These modern construction methods significantly enhance safety compared to traditional wood-frame buildings, offering improved resistance to fire, moisture, heat, and cold. They also support better energy efficiency and environmental performance, promoting a more sustainable way of living.

FEATURES AND FINISHES

EXTERIOR

- Luxurious contemporary design by an industry leading architectural firm
- Modern clay brick exterior with distinguished contemporary wood textured dura-aluminum siding providing the beauty of wood, without the maintenance

The Kingdom Story

Kingdom is committed to creating better communities across cities in Canada and delivering an elevated living experience for families who choose Kingdom homes. Over the years, from small-scale improvements in established neighbourhoods to large-scale, mixed-use developments that help shape urban growth, Kingdom has remained guided by a strong vision and a commitment to craftsmanship.

Kingdom is a diversified corporation active in both Vancouver and Toronto, with expertise spanning real estate development, land acquisition, planning approvals, product positioning, construction management, sales and leasing operations, and property management. Its portfolio covers both residential and commercial sectors, including completed and ongoing projects that continue to bring vitality and value to urban communities.

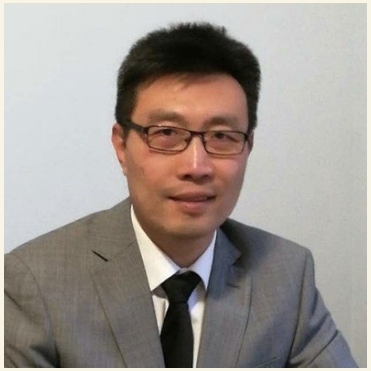

Our Team

Rick Zhao
Property Manager

Rick holds an R.C.M. designation and a General License, with extensive experience in property management, including customer service, client relations, contractor coordination, and operational oversight. He has implemented strategic solutions, managed preventive maintenance programs, and overseen financial performance and budget preparation.

Rebecca Pan
Sales & Marketing Director

Rebecca has extensive experience in the GTA real estate market, with a focus on both high-rise and low-rise developments. She brings a strong background in sales, marketing, and customer service, along with excellent leadership and management skills. She has a proven track record in driving revenue growth and consistently delivering strong results for projects.
